To Whom It May Concern:

It is my pleasure to strongly recommend Lilly Leiran for a position within your company.

I am Matthew Peterson, currently Manager of our Vessel Planning department here at SSA Marine. Before taking on my new position as Planning Manager, I worked with Lilly as her direct manager in our Outbound department for approximately 4.5 years. Of the 27 professionals I managed, Lilly is one who uniquely stands out.

During our time together, Lilly displayed many great qualities every manager would hope to find in an employee. When we first met, I was immediately impressed with Lilly's eagerness to learn, but as we continued to work together, it was her inquisitive nature and ability to quickly grasp, understand and execute new tasks that set her apart from her peers.

As a manager, I had a lot of new work thrown my way and was forced to absorb several other departments. The work we accomplish in our office is diverse and can be quite complex. As I absorbed these additional responsibilities, Lilly was consistently one I could depend on to learn any new tasks these additions brought under my umbrella of management. I quickly learned her value as she continued to display her character. Lilly is a brilliant, eager, dependable individual who's integrity and professionalism shine when she's challenged. Not only was she able to take on these new tasks, but she is also able to execute the work at a high level.

It's not just her abilities that impress me, however. Lilly was a joy to work with because of how thoughtful she is and her amazingly positive attitude. Her attitude and thoughtfulness were also valued not just by myself, but by her peers, who often relied on her to get the job done.

For my own selfish reasons, I would have preferred Lilly to follow me under my management in my new position. I value her as an employee tremendously. I am confident that Lilly would be a great fit for your Institution/Company. Not only will she bring the kind of skills and experiences you're looking for in an applicant, but she will also quickly become an asset and help your Company grow in any way she can.

If you need more information or specific examples, please do not hesitate to contact me. As a recommendation letter likely only provides a snapshot of her talents and achievements, I would be happy to further elaborate on my time working with her.

Sincerely,

Matthew Peterson
